Eagle Continues to Set the Standard for Excellence.

**Come see our samples of
COLD FOIL on UNCOATED STOCK**

Although we have an excellent machine,
without continuous R&D and major investment by Eagle,
the process would remain stagnant.
We take great pride & joy in working very hard to bring
this technology to where it is today.

**Eagle customers are innovators
and successful in cold foil.**

**What is an innovator?....a person who introduces new
methods, ideas or products to their customers.**

Become an Innovator...

**Become part of the Eagle Family and enjoy
cold foil success too!**
