

## McLean Packaging of Moorestown, NJ

Welcomed in the New Year with the Installation of an Eagle Systems Cold Foil on their Manroland 700

From left to Right:

Jeff Besnick- Vice President /GM, McLean, Joseph Fenkel - Chairman & CEO, McLean  
Mike King- Pres. /CEO Eagle Systems, Ellen Manning- VP Marketing/Sales Eagle Systems  
Rob Watts-Pressroom Manager, McLean Packaging

Joe Fenkel, Chairman & CEO of McLean Packaging and Jeff Besnick, V.P. & GM are excited about adding cold foil to their packaging offerings. They were looking for a technology that would enhance their packaging capabilities, provide products that "jump off the shelf" and give them a competitive advantage in the industry.

Joe was delighted with the professionalism of the installation and the technicians, the timely manner of the install (2 days) and the overall dealings with Eagle Systems.

***We Welcome McLean Packaging to our Eagle Family***
